Land Transport  Authority

Heavy vehicles which are used to carry large and heavy cargo tend to slow down traffic. They may also affect road structures due to their large dimension and heavy weight. To ensure the safety of road users, movement of such vehicles has to be controlled.

Heavy Vehicles That Require Application Submissions To LTA

- Overall width of the vehicle or the vehicle with load width exceeding 2.6 metres
- Rear overhang of load is more than or equal to 40% of the vehicle length or 1.8 metres, whichever is lesser
- Heavy vehicles exceeding laden weight limits (For more details, please refer to www.onemotoring.com.sg > *On-the-Roads > Road Facilities > Weight Limit for Heavy Vehicles*)

Online Portal

For the convenience of applicants, the Land Transport Authority (LTA) has provided a one-stop online portal for the application of:

1. Permit to use vehicles exceeding width and length limits, and
2. Notice to LTA for vehicles exceeding weight limits.

Advantages of online portal:

- Require only one submission to seek the permission for movement of vehicle exceeding width, length and weight limits
- Notification of successful submission
- Online verification of submission status
- Notification for final application status
- Faster application process for repeated routes
- Possibility of term permits for repeated routes

Submission Procedure

- Log on to LTA.PROMPT – Permit for Road Occupation Management PorTal at <https://prompt.lta.gov.sg>.
- Register as a member to submit an application.
- Submission must be made at least 3 working days before the intended date of travel.
- The owner should check if any supporting documents are required to accompany the submission.
- For more details, please refer to the frequently asked questions under 'FAQs', and the step-by-step user manual under 'Help' within LTA.PROMPT.
